---

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.

With its stackable and expandable architecture, it is easy to scale capacity and maintain. Safety and reliability are paramount, with maximum protection provided by the robust LFP battery and ...

It features a high-quality container enclosure pre-installed with a battery rack, allowing clients to integrate their own battery packs, cooling systems, fire suppression systems, and other ...

We combine high energy density batteries, power conversion and control systems in an upgraded shipping container package. Lithium batteries are ...

Our LiFePO4 battery boxes, stocked in the USA, are engineered for safe and efficient energy storage solutions. Ideal for solar, RV, or marine applications, these DIY kits feature robust ...

BigBattery provides lithium-ion battery packs that are perfect for powering any off-grid solar application. Browse our products today to find what you need.

The Energy Storage Controller Inverter Integrated Machine combines the functions of inverter, MPPT solar controller and utility charging to provide stable power supply for power-using ...

Plug& Play lithium-ion battery storage container; Various usage scenarios of on-grid, off-grid, and micro-grid. All-in-one containerized design complete with LFP battery, bi-directional PCS, ...

Lithium-ion battery energy storage systems contain advanced lithium iron phosphate battery modules, BMS, and fuse switches as DC short circuit protection and circuit isolation, all of ...

With its stackable and expandable architecture, it is easy to scale capacity and maintain. Safety and reliability are paramount, with maximum ...

The EnerC+ container is a modular integrated product with rechargeable lithium-ion batteries. It offers high energy density, long service life, and efficient energy release for over 2 hours. ...

We combine high energy density batteries, power conversion and control systems in an upgraded shipping container package. Lithium batteries are CATL brand, whose LFP chemistry packs 1 ...
