Why should you choose sigenergy battery storage in Canberra?

Sigenergy battery storage in Canberra provides reliable whole-home backup and smart energy management, helping you use more of your solar.

What energy storage container solutions does SCU offer?

SCU provides 500kwh to 2mwh energy storage container solutions. Power up your business with reliable energy solutions. Say goodbye to high energy costs and hello to smarter solutions with us.

Who is solarhub?

SolarHub is a trusted solar and battery installer based in Canberra, providing cutting-edge battery storage solutions from Sigenergy - one of the most advanced energy systems on the market in 2025.

What is energy storage container?

SCU uses standard battery modules, PCS modules, BMS, EMS, and other systems to form standard containers to build large-scale grid-side energy storage projects.

Discover our range of innovative solar panels on shipping container products engineered to meet your renewable energy needs with maximum efficiency and reliability.

Discover top power container options for solar energy storage, industrial use, and utility-scale systems. Find verified suppliers, compare specs, and click to explore reliable, ...

Our all-in-one PPS (portable power station) is a completely containerised Off-Grid solar system, ready to go. The system is pre-wired and designed to suit your specific energy requirements. ...
