Our 1 GW project combines gas, solar, and battery storage to secure Kyiv's grid, cut emissions, and support critical services. Explore investment in this high-impact initiative.

As the EV and ESS markets continue to expand, innovations in lithium-ion Battery Packs, such as improvements in energy density, cycle life, and cost reduction, will further enhance their ...

Across Ukrainian households, agricultural operations, emergency shelters, and telecom stations, the shift toward solar + battery ...

As a member of the Ukrainian Solar Energy Association and founder of the Kiev Energy Cluster, UNASOLAR works with leading global manufacturers such as KACO, ...

Technological advancements are dramatically improving solar storage container performance while reducing costs. Next-generation thermal management systems maintain optimal ...

Three months ago, a 72MWh BESS (Battery Energy Storage System) went operational near Lviv. Acting as both frequency regulator and emergency backup, this facility can power 15,000 ...

Expect significant upgrades in display, battery, performance, and camera technology, including AMOLED screens, large batteries, and high-resolution sensors. Pricing ...

Whether it's powering Spanish solar farms or Swedish snowmobiles, these energy storage solutions prove that innovation thrives where challenges abound. Now, if only they ...

DTEK partnered with American energy firm Fluence Energy Inc. -- which provided 698 Gridstack batteries to the project -- to build and connect six new battery storage systems ...

As Ukraine accelerates its renewable energy transition, Kyiv-based SunContainer Innovations has emerged as the country's premier energy storage battery manufacturer.

Across Ukrainian households, agricultural operations, emergency shelters, and telecom stations, the shift toward solar + battery backup is helping restore energy security, ...

DTEK partnered with American energy firm Fluence Energy Inc. -- which provided 698 Gridstack batteries to the project -- to build ...

As a member of the Ukrainian Solar Energy Association and founder of the Kiev Energy Cluster, UNASOLAR works with leading global manufacturers such as KACO, Siemens, FRONIUS, ...
