When should a contracting officer use a bridge contract?

(b) Bridge contracts impede competitive awards, and contracting officers shall limit their use in accordance with this paragraph. Contracting officers shall only use a bridge contract when it is not possible to award the planned follow-on contract in sufficient time to meet the Government's requirements. A bridge contract may be appropriate when--

Can prefabricated bridge components reduce traffic disruption?

The purpose of the scan was to learn how other countries use prefabricated bridge components to minimize traffic disruption, improve work zone safety, reduce environmental impact, improve constructability, enhance quality, and lower life-cycle costs.

Can a contracting officer modify a bridge contract?

incorporate terms and conditions from an existing contract into the new bridge contract by reference. (e) Bridge contracts are independent acquisitions; therefore, contracting officers shall issue a separate contract when awarding a bridge. Contracting officers shall not award bridge contracts by modifying an existing contract.

What is a DLA acquisition bridge contract?

(2) The DLA Acquisition Bridge Contracts Report to the DLA Acquisition Operations Division by the 10th of each month and include the status of all bridge contracts with a period of performance that has not expired.

Catalog of Container Bridge Fittings: Tension Pressure Type: Container Lashing and Container Securing

Crafted with an engineered steel frame and fully powder-coated for long-lasting protection, our bridge kits are shipped disassembled for convenience. All components can be assembled ...
