Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ...

In this guide, we'll explore how to harness solar-powered water pumps, filtration, and heating to ensure clean, drinkable water year ...

HydroArk is a deployable water infrastructure system designed to deliver clean, drinkable water anywhere. It's modular, solar-powered, and fits inside a container or trailer-sized unit -- like a ...

LZY Mobile Solar Container System - The rapid-deployment solar solution with 20-200kWp foldable PV panels and 100-500kWh battery storage. Set ...

Explore the benefits and technology behind containerized off-grid solar storage systems. Learn how these scalable, cost-efficient solutions provide reliable power and energy ...

OffGridBox is a project design and engineering company that provides renewable energy and clean water to remote communities around the world, with a focus on Energy for Health.

Explore the benefits and technology behind containerized off-grid solar storage systems. Learn how these scalable, cost-efficient ...

In this guide, we'll explore how to harness solar-powered water pumps, filtration, and heating to ensure clean, drinkable water year-round --even in remote areas.

panels and 100-500kWh battery storage. Set up in under 3 hours for off-grid ...

Among the innovative solutions paving the way forward, solar energy containers stand out as a beacon of off-grid power excellence. In this comprehensive guide, we delve into ...

Powered only by solar energy, AMI Solar Reverse Osmosis and Ultrafiltration systems treat river water, well water, and seawater to produce water for ...

Off-grid solar water supply that's built to last. The solar desalination solution is quick to install by its plug & play-containerized nature. Maintenance and operation are made easy by investing in ...

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.

With a carefully sized solar array, intelligent water systems, and a container shell customized for energy performance, even the most remote sites can offer a comfortable -- and sustainable -- ...

Powered only by solar energy, AMI Solar Reverse Osmosis and Ultrafiltration systems treat river water, well water, and seawater to produce water for drinking, irrigation, agriculture, and other ...
