What can I do with a degree in outdoor education?

A degree in outdoor education equips students with skills and knowledge in topics like environmental studies, first aid, and survival skills. They learn to teach and work with others in outdoor activities, such as rock climbing, ropes courses, and backpacking, preparing them for a successful career in the great outdoors.

Is a major in Outdoor Education a good fit for me?

If you love being surrounded by nature and teaching others about it, you might be a good fit for a major in Outdoor Education. Outdoor Education majors learn the skills to act as guides for hikes and other activities and lead courses in wilderness survival.

Can a career in outdoor education be part-time or full-time?

A career in Outdoor Education can be either part time or full time depending on the location and your level of experience and education. Some parks have a busy season requiring more staff, while other places require year-round staff.
