-----

Our containers are designed to provide a turnkey solution for off-grid living or working, with all the features and amenities you need to live comfortably and sustainably.

The Intech Energy Container -- or ECON -- is a modular, pre-configured off-grid power solution. It combines solar PV, battery storage, inverters, and energy management in a rugged container.

We specialize in solar container systems, energy storage containers, foldable photovoltaic container solutions, and mobile power stations for temporary, emergency, and off-grid ...

Many customers explore off grid solutions due to the simplicity and maneuverability of our containers. As long as a truck can get to the plot of land, we can drop your container. Now you ...

Learn what makes solar containers truly weather-resistant, from panel durability to battery protection, and how to choose the right system for harsh environments.

With container type cold rooms operating with solar energy, you can easily solve cold storage problems and post-harvest loss problems in perishable foods such as fruits, vegetables, meat ...

Featuring capacities from 100kWh to 2MWh battery storage with advanced thermal management, safety systems, and grid-forming capabilities, these systems provide reliable electricity for ...

Cool-Watt&#174; is a solar power plant designed as a 20 feet maritime container, pre-cabled and pre-tested so that it can be deployed in less than 1 hour without civil engineering or ...
