How does a solar inverter work in Pretoria?

Solar panels in Pretoria generate DC power which is stored in a solar battery bank. The off-grid solar inverter converts the DC power stored in the battery bank to AC current to use in your home in Pretoria. A off-grid solar inverter can also be connected to a generator as a backup power if the solar panels doesn't produce enough power in Pretoria.

What is a hybrid solar inverter in Pretoria?

The most simple and economical solar and battery systems use a hybrid solar inverter in Pretoria. These inverters combine a solar inverter, charger and battery inverter together with software which can be programmed to determine the most efficient use of your available energy in Pretoria.
