Our patent protected solar power units fits perfectly on top of 20" or 40" containers. No more hassle to get cost-efficient, green, energy to your containers. Containers are used for many ...

HJ-SG Solar Container provides reliable off-grid power for remote telecom base stations with solar, battery storage and backup diesel in one plug-and-play solution.

LZY-MS1 Sliding Mobile Solar Container is a portable containerized solar power generation system, including highly efficient folding solar modules, advanced lithium battery storage and ...

The mobile solar containers and portable solar chargers are designed with easily foldable solar panels which makes them ideal for remote areas and versatile applications like mining, ...

The HJ Mobile Solar Container comprises a wide range of portable containerized solar power systems with highly efficient folding solar modules, advanced lithium battery storage, and ...

All tied to solar panels, diesel generators, or hybrid energy systems, these solar container house solutions can be deployed within hours of arrival at the site, and they give end ...

Each solar-powered shipping container generator is transportable, securable, and can be fully customized to your specific needs, including hybrid and microgrid compatibility.

We are offering mini renewable power stations in a Off-Grid shipping Container ready to be deployed worldwide. These include solar PV panels and mountings.

The mobile solar containers and portable solar chargers are designed with easily foldable solar panels which
