Our products are engineered and manufactured in the UK, ready to generate and provide electrical power at the client's premises anywhere in the world. Access to a parts supply chain ...

The Intech Energy Container is a fully autonomous power system developed by Intech to provide electricity in off-grid locations. Each container is equipped with a photovoltaic array, a battery ...

Discover how Higher Wire shipping container solar systems provide reliable, off-grid power for remote worksites and projects.

Our integrated solar power systems and Uninterruptible Power Supply (UPS) solutions are designed to meet the demands of modern industries, providing reliable, sustainable, and ...

Among the innovative solutions paving the way forward, solar energy containers stand out as a beacon of off-grid power excellence. In this comprehensive guide, we delve into ...

When the Sun goes down, the batteries discharge, providing uninterrupted power to the site. Built-in, ready to go inverters provide a 120V/240V output to either an electrical panel or to standard ...

Each containerized Solarator(TM) BESS can be rapidly deployed in remote, regional, and urban environments within 30 minutes, and we offer ...
