How is a solar air conditioner shipped?

Packaging: The solar air conditioner unit is securely packaged to protect it from potential damage during transportation. The packaging typically includes foam padding, cardboard boxes, and other protective materials.

Transportation: The solar air conditioner is loaded onto a shipping vehicle for transportation.

What is a solar hybrid air conditioner?

Our solar hybrid air conditioner units are similar to traditional solar air conditioners, easy and convenient to install, and compact in size. How do SolAir World solar air conditioners get shipped? Our Solar air conditioners are typically shipped using standard shipping methods, similar to conventional air conditioning units.

Why should you choose solar air conditioners?

By improving the efficiency through our revolutionary fan design, thus increases the airflow and reducing noise. Our air conditioners produce clean, green cooling and heating. Solar Air Conditioners are manufactured to military standards and have an internationally recognised quality assurance system in place.
